COLIN: A STORY OF HELP & HOPE

After several suicide attempts and admission to DLC's children's crisis stabilization unit, Colin and his family were connected to an intensive mentoring and treatment program. The comprehensive and individualized care they received truly saved Colin's life.

"I didn't know he was thinking about suicide. Once we were in treatment at DLC, we had a dedicated team. ...He really opened up, and I learned just how bad his mental health was."

-Stephanie, Colin's mother

Now, Colin has a chance at a future filled with health, hope, and possibilities.
